PROFESSIONAL SUMMARY

Motivated Web Developer with hands-on experience in HTML5, CSS3, JavaScript, Bootstrap, PHP, and Laravel. Skilled in building responsive, user-friendly, and dynamic web applications with a strong focus on clean code, performance, and cross-browser compatibility. Experienced in developing academic and personal projects that demonstrate practical knowledge of both frontend development and backend integration. Strong understanding of modern development practices, problem-solving, and scalable web solutions. Eager to contribute effectively to development teams and grow within a professional environment.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS
Backend	PHP, Laravel Framework
Tools & VCS	Git, VS Code, GitHub
Databases	MySQL (basic)
Methodologies	Responsive Design, MVC Architecture, REST APIs (basic)

PROJECTS

ATM Money Management System | PHP, HTML5, CSS3, Bootstrap, JavaScript

- Developed a responsive ATM management web application with secure user authentication and full transaction functionality including deposits, withdrawals, and balance checks.
- Designed intuitive, user-friendly interfaces focused on improving usability and smooth navigation across all screens.
- Implemented responsive layouts ensuring consistent experience across desktop, tablet, and mobile devices.
- Applied MVC principles to maintain clean code structure and separation of concerns.

E-Commerce Shopping Cart System | PHP, Laravel, HTML5, CSS3, Bootstrap, JavaScript

- Built a fully responsive e-commerce platform supporting product browsing, cart management, and order processing.
- Developed dynamic frontend components with real-time input validation and seamless user interactions.
- Improved overall user experience through intuitive navigation, mobile-friendly design, and fast page performance.
- Integrated Laravel backend for product and cart data management with clean RESTful routing.

Personal Portfolio Website | HTML5, CSS3, JavaScript, Bootstrap

- Designed and developed a personal portfolio website to showcase projects, skills, and contact information.
- Implemented smooth animations, responsive grid layouts, and cross-browser compatible styling.

EDUCATION

Bachelor of Computer Applications (BCA)

2020 – 2026

Completed | Focus: Web Technologies, Database Management, Software Engineering

Advanced Diploma in Computer Applications – IICS

Coursework: Programming fundamentals, web development, database design, office tools

ACHIEVEMENTS & ACTIVITIES

- Successfully completed and deployed 2 functional web application projects covering both frontend and backend development.
- Self-learned Laravel framework and Tailwind CSS through online resources and applied them in personal projects.
- Active GitHub user — maintaining project repositories and version-controlled codebase.
- Continuously upskilling via online platforms (YouTube, documentation, developer communities) in modern web technologies.
